Fractionated Coconut Oil (MCT Oil - Medium Chain Triglycerides)

What is MCT oil you ask? In a nutshell it's a fraction of the whole Coconut oil, the Medium Chain Triglycerides (MCT) to be exact; the lauric acid is removed. Our Fractionated Coconut Oil (MCT Oil - Medium Chain Triglycerides) is made from the highest quality coconuts and possibly has numerous personal and industrial applications.

No need to be divided on this. Buy your Fractionated Coconut Oil (MCT Oil - Medium Chain Triglycerides) from Two Blue Diamonds today, because quality is everything!
